

Bowling Etiquette...

- * Be prepared to take your turn on the lane.
- * Don't wander off.
- * Remember the player to the right has the right away.
- * If a player to the left picks the ball from the rack before you, allow him to bowl first.
- * Stay in your own approach area.
- * After your ball hits the pins walk directly to the back of the approach.
- * Be on time...don't make the other bowlers wait.
- * Don't talk to or bug a bowler after he's taken his position.
- * Stay behind the foul line at all times.
- * Be a good loser and a gracious winner.
- * If you bowl on a league, notify your team captain or league secretary if you can't make it on that day.
